The Relationship Between Trauma And Chronic Pain
Date: May 19, 2007
Instructor: Maggie Phillips, Ph.D.
Location: Kaiser Regional Offices, 1950 Franklin St. Oakland.
Time: 9AM - 4PM
Credits: 6 MCEP
Fee: ACPA members $90; Non ACPA members $125; Students $70.
Description: Many patients with problems that appear resistant to treatment suffer from attachment trauma within their early relationships. This needs to be repaired through the therapy relationship as well as by working with internal parts of the self, called ego states, that often contribute to symptoms and other difficulties. This workshop will explore techniques drawn from the experiential tools found in hypnosis, somatic experiencing, interactive and structured imagery, EMDR and Energy Psychology.

- All courses are being submitted to MCEP for approval for CEU's for psychologists.
